

Tan Truong

Frontend Developer Intern

☎ 0935 472 197 ✉ tantruongg23@gmail.com 📍 Ho Chi Minh in tantruongg23 🌐 tantruongg23

Summary

I am a student with a solid foundation in ReactJS and I am currently looking for internship opportunities to apply my skills. My objective is to acquire practical experience and contribute to meaningful projects while continuously learning and growing in software development.

Education

HO CHI MINH CITY UNIVERSITY OF TECHNOLOGY(HCMUT), Computer Engineering Sept. 2021 to May 2025
• GPA: 3.2/4.0 (Expected)

Projects

Multiple-choice quiz Website March 2024

- Developed a user-friendly multiple-choice quiz website utilizing ReactJS, SCSS, Redux, React Router, JSON server.
- Implemented topic-based practice sections and interactive quizzes with instant feedback, along with login, registration and token-based authentication for enhanced security.
- Repository: <https://github.com/tantruongg23/quiz-app> 🔗

User Task Management System March 2024

- Designed and implemented a user task management system using ReactJS, leveraging hooks and Ant Design for UI components.
- Integrated API calls for user selection and task retrieval, with features for sorting tasks based on completion status and implemented task completion functionality with loading indicators for smooth user experience.
- Repository: <https://github.com/tantruongg23/to-do-list> 🔗

Product Display Page using JSON Server Oct. - Dec. 2023

- Developed a website to showcase products by category, with sorting, filtering, searching.
- Repository: <https://github.com/tantruongg23/project-mini-3-fetch-api> 🔗

Corporate Landing Page Oct. - Dec. 2023

- Developed a static website using HTML5, CSS3.
- Repository: <https://github.com/tantruongg23/project-mini-1-front-end> 🔗

E-commerce Platform Oct. - Dec. 2023

- Developed an e-commerce platform collaboratively with a team of 2 members, utilizing a technology stack consisting of HTML, CSS, JavaScript, PHP, MySQL.
- Implemented features including product browsing, search functionality utilization, shopping cart management and secure payment processing for users.
- Repository: <https://github.com/tantruongg23/ivymoda> 🔗

Skills & Background Knowledge

Programming: HTML5, CSS3, SASS/SCSS, Javascript, C++, PHP, SQL, Git, Github

Library & Frameworks: ReactJS, Redux, Bootstrap 4, Ant Design, NodeJS

Soft Skills: Teamwork, Time Management, Problem-Solving, Critical Thinking

Language English: Professional Working Proficiency

Certifications

TOEIC: 925/990
